## 2. About us

Server Basket is an IT hardware solution provider specialized in providing physical servers from leading brands and cloud hosting solutions to businesses across the globe.

### 2.1 Customized Server Solutions

Server Basket offers you Servers at affordable prices with multiple buying options. Our team understands the requirements, gives you pre-sales guidance, and suggests custom configured solutions with new and refurbished servers from multiple brands (Dell, HP, Lenovo, Cisco, Supermicro).

### 2.2 Leasing

Server Basket offers attractive leases with servers along with the managed services at a nominal charge depending on the configuration and duration of use. Leasing is always recommended as the payments are tax deductible, they are scalable on-demand, and backed by 24x7 tech support.

### 2.3 Co-Location Services

Our risk free co-location services eliminate most of the expenses associated with maintaining in-house hardware, and also allows you to get one step closer to cloud readiness. The risk of downtime, security, privacy, and availability are all reduced due to the professional management, monitoring and maintenance of the hardware at the colocation site i.e. in Tier 4 Data Center

### 2.4 Annual Maintenance Services (AMC)

Focus on your core activities while Server Basket manages and maintains your IT Hardware. Server Basket provides complete IT hardware maintenance solutions with managed support. Ready availability of spare parts, experienced technical team for a wide range of products helps us to provide efficient services with maximum uptime.
